#### **A. Annexure VI: List of Aspirational Blocks**

### **III. Way forward**

## **I. About the Aspirational Districts Programme**

The Aspirational Districts Programme (ADP) was launched by the Honourable Prime Minister in January 2018 with the aim to transform 112 relatively under-developed districts across the country quickly and effectively. The broad contours of the Programme are Convergence (of Central & State Schemes), Collaboration (of Central, State-level Prabhari Officers & District Collectors), and Competition (among districts through monthly delta ranking), all driven by a mass movement.

In the five years of the Programme, significant improvement has been made by the Districts. In the Budget Speech for FY 22-23, the Honourable Finance Minister highlighted how the Aspirational Districts Programme had led to improvement of services in 95% of the Districts, barring select blocks in the districts. Almost all 112 Districts have made meaningful progress in at least one of the Programme themes in the last five years.

Results from the National Family Health Survey Round 5 2019-21 (NFHS-5) as well as the National Achievement Survey 2021 (NAS-21) are also very encouraging. The NFHS-5 survey shows meaningful improvement in citizens' access to health and nutrition related social services in the Aspirational Districts. In the NAS-21, Dholpur in Rajasthan, and Damoh in Madhya Pradesh have performed better than most of the districts in the country. Districts of Punjab have also done well.

Aspirational Districts have improved outcomes in critical areas without any additional increase in funds. While the progress achieved in the last five years has been significant, the goal now is to go from catching up to leading the pack - from aspirational to inspirational. While the Districts have performed very well e.g. in improving the percentage of births taking place in institutions as compared to unassisted home births, the entire country is facing challenges of malnutrition, and anaemia. Similarly, while some Districts have done very well in the NAS-21, the effect of the pandemic has left an indelible mark on learning outcomes and futures of millions of children.

## **A. Roles and Responsibilities of Central Prabhari Officers**

As senior officers of respective state cadres posted in the Government of India, Central Prabhari Officers (CPOs) are well suited to both guide the DM/DCs who are junior officers from their cadre on implementation matters, as well as appropriately interface with their cadre colleagues in the State/UT governments on policy issues. NITI Aayog envisages the following roles and responsibilities for Central Prabhari Officers:

1. **To review the sectoral performance of the district.** Through quarterly meetings (ideally through a field visit, if not possible then over VC), CPOs are to continuously and comprehensively review progress of the Districts/Blocks on critical centrally sponsored schemes and programmes which are functional at field level in various sectors. All CPOs are expected to review four times in a year, out of which at least two should be field visits.
2. Taking stock of physical and financial progress on **projects funded by the performance grant** under the Aspirational Districts Programme along with the status of the Utilisation Certificate Based on periodic reviews, to assess the challenges and guide the DM/DC to find viable solutions.
3. Take up matters as appropriate with respective Line Ministries; State Governments/UT administration, and NITI Aayog to address issues which are outside the bounds of the District Administration or where the challenges require involvement of multiple layers of Indian administration.
4. **Review the Aspirational Block(s) in the district** under Aspirational Blocks Programme and review the status of Block Development Strategy.
5. Document **good governance practices** initiated by the district and collect critical feedback on **performance of Development Partners** in the districts. (Guidance Note for visit, visit report format and Good Governance Practices template has been attached in Annexure I, Annexure II and Annexure III respectively.)

## B. Monitoring Framework

1. The Aspirational Districts Programme **monitoring framework** is a set of 49 KPIs (attached in Annexure IV) which are a combination of critical outcome and process indicators across 5 thematic areas viz. Health and Nutrition, Education, Agriculture and Water Resources, Financial Inclusion and Skill Development, and Basic Infrastructure. The Programme prioritises KPIs which are within the direct ambit of concerned District Collector/Magistrate. The themes and their respective weightages are as follows-

Thematic Area	Weightage	Number of Indicators	Number of Data-points
Health & Nutrition	30%	13	31
Education	30%	8	14
Agriculture & Water Resources	20%	10	12
Financial Inclusion	5%	7	08
Skill Development	5%	5	10
Basic Infrastructure	10%	6	06
<b>Total</b>	<b>100%</b>	<b>49</b>	<b>81</b>

2. The KPIs in **Health and Nutrition** (30% weight) follow the Government of India's **Reproductive Maternal Newborn Child Health and Adolescent + Nutrition (RMNCHA+N)** strategy. It is envisaged that by improving critical health and nutrition infrastructure and critical process indicators, the Aspirational Districts will in-turn improve their performance on Maternal Mortality Rate (MMR), and Neonatal Mortality Rate (NMR), as well as reduce

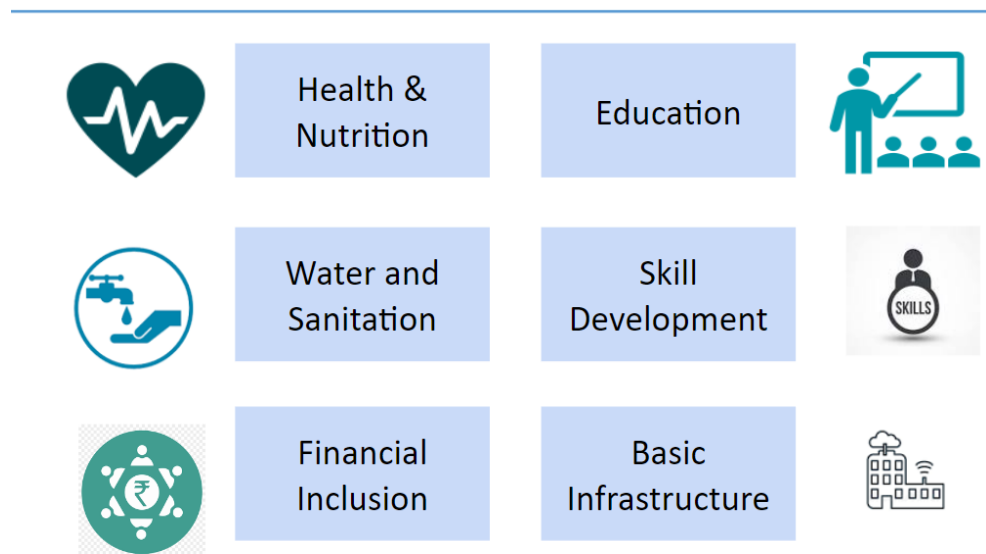

child nutrition, and prevalence of anaemia. District Administrations share this data with NITI Aayog based on their reporting to MOHFW & MWCD.

3. The KPIs in **Education** (30% weight) focus on improvement of Learning Outcomes of students by ensuring that schools in the Aspirational Districts comply with the RTE mandated **Pupil Teacher Ratio**, availability of adequate number of **functional girls' toilets**, access to 24x7 supply of electricity, supply of textbooks within a month of schools' beginning, transition rates, etc. District Administrations report this data to NITI Aayog.
4. The KPIs in **Agriculture and Water Resources** (20% weight) are designed to nudge the Aspirational Districts to encourage farming communities to undertake higher extent of micro irrigation (where applicable), rejuvenation of water bodies, sustain requisite artificial insemination and vaccination of animals, enable the access of flagship schemes by the farming communities viz. PMFBY, and general uptake of agricultural credit, to ultimately improve farmer incomes. District Administrations report this data to NITI Aayog.
5. The KPIs in **Financial Inclusion** (10% weight) are selected to drive the uptake of flagship Government of India schemes viz. **PMMY, PMJJBY, PMSBY, APY, and PMJDY**. Data is provided to NITI Aayog by the DFS, MoF which is in turn based on the country's Core Banking Network.
6. The KPIs in **Skill Development** (5% weight) are selected to drive the uptake of NSQF certified Skill Development programmes with special emphasis on **skilling women, SC, ST, OBC, Minorities, and Disabled persons**. The data is directly provided to NITI Aayog by the Ministry of Skill Development and Entrepreneurship.
7. The KPIs in **Basic Infrastructure** (5% weight) are selected to build resilient public infrastructure in the country. These focus on building **rural all-weather roads** (PMGSY-3), provision of pucca houses (PMAY), supply of continuous electricity, potable water, and **internet** connected Gram Panchayats with adequate CSCs.

## II. About the Aspirational Blocks Programme

The Aspirational Blocks Programme (ABP) was launched by the Hon'ble Prime Minister in January 2023, during the 2nd National Conference of Chief Secretaries. This transformational programme focuses on improving governance to enhance the quality of life of citizens in the most difficult and underdeveloped blocks of India by converging existing schemes, defining outcomes, and monitoring them on a constant basis. The ABP is built on the noteworthy success of the government's flagship Aspirational Districts Programme (ADP) launched in 2018 across 112 under-developed districts of India.

An Inter-Ministerial Committee in consultation with States has identified 500 blocks from across 27 states and 4 Union Territories of India. The list of Aspirational Blocks is attached in Annexure- VI. In each of them, the ABP will focus on monitoring key socio-economic indicators categorised under major sectors namely, Health and Nutrition, Education, Agriculture and Water Resources, Financial Inclusion and Skill Development, Basic Infrastructure and Social Development.

## Rationale

The purpose of block-level planning is to accelerate the process of decentralisation through systemic planning in order to speed up the development process but will also improve it qualitatively by making it more responsive to the needs of the marginalised sections. The block administration can adopt customised approaches towards improving socio-economic indicators based on the context of the region and the most emergent needs. This method also brings the decision-making process closer to the grassroots.

The Aspirational Blocks Programme aims to address spatial disparity by improving governance and last mile service delivery at the block level. This holistic development will positively catalyse socio-economic development. The programme strives to improve ease-of-living for every single citizen by increasing their awareness and enhancing access to government schemes. It also provides a common platform for all block administrations to showcase their best practices and learnings.

## III. Way Forward

- A. Reinvigorating focus on Aspirational Districts:** All the CPOs are requested to plan review once every quarter, document emerging good practices in the district and periodically review the overall progress of the district. Out of four reviews in a year, at least two should be field visits.
- B. Provide guidance to Aspirational Blocks:** All the CPOs are requested to draw from their experiences of Aspirational Districts and guide the Aspirational blocks in formulation of Block Development Strategy, ensure replication of good governance practices around the country and quarterly review the progress of the block.

## Annexure I: Guidance note for the visit

NITI Aayog would share district specific reports like NFHS, past CPO reports if available, performance report of the district in ADP and a summary of projects undertaken by the districts with the Reward Money to support the CPOs for their visits. This note is an additional **indicative list of discussion prompts** to assist the Central Prabhari Officer in conducting a meaningful review of the situation on ground with the corresponding DM/DC provided in the Table below:

Theme	Sub-Theme	Guidance Note
Health and Nutrition	<ol style="list-style-type: none"> <li>1. Anaemia</li> <li>2. Child Nutrition</li> <li>3. TB</li> <li>4. Health Services</li> </ol>	<ol style="list-style-type: none"> <li>1. To review implementation of central and state programmes to mitigate prevalence of anaemia prevalence based on NFHS5 data and discuss ways to improve Anaemia Mukh Bharat programming (IFA Distribution, Iron Sucrose treatment, measurement of anaemia)</li> <li>2. To use malnutrition (stunting, wasting, underweight) data from NFHS5 to discuss functioning of the ICDS, and explore ways to improve coverage, and quality of services. May request the District officials to explain challenges of enrolling mothers and children to AWCs, use of smartphones for devices, infrastructure and HR issues, weighing babies at birth, and counselling mothers to breastfeed within hour of delivery. As nutrition outcomes are related to household consumption, ongoing efforts to improve household consumption (Skill development/ livelihoods programming) may also be discussed.</li> <li>3. Based on a review of TB (NIKSHAY portal), CPO may ascertain if the NTEP is functioning appropriately in light of COVID interruptions.</li> <li>4. Health and Wellness Center functioning vis a vis transformation of infrastructure, posting of Community Health Officers, and provision of services which enable District to provide</li> </ol>

Theme	Sub-Theme	Guidance Note
		comprehensive and preventative primary care may be discussed. Many Districts have major challenges in retaining human resources in health so any innovative practices may be documented.
Education	1. Teachers 2. Infrastructure	<ol style="list-style-type: none"> <li>1. Locally felt challenges of complying with RTE Pupil-Teacher Ratio and plans at State level for addressing teacher shortages may be discussed, documented and shared as appropriate.</li> <li>2. Status of implementation of routine SSA provisions such as SMCs, PTMs functioning may be discussed</li> <li>3. Feedback on Districts' experience of using EdTech to improve Learning Outcomes, and challenges thereof.</li> <li>4. Functioning of FLN programming/ remedial education may be reviewed.</li> <li>5. Availability of functional furniture, computer, Smart TV, internet, and electricity may be reviewed. Districts may be reminded that MOE is prioritising ICT, ECCE, and Civil Works requests from Aspirational Districts.</li> <li>6. Provision of primary public goods such as Mid-Day-Meals, books, school libraries, playgrounds etc may be reviewed. Initiatives in the District around community libraries and promotion of reading/literacy/digital literacy may be reviewed (if applicable).</li> <li>7. Challenges of human trafficking; child labour, migration of households, and other factors which lead to dropouts of students may be discussed as applicable. Special focus must be paid to matters pertinent to marginalised communities as applicable in the Districts.</li> </ol>
Agriculture and Water	1. Micro Irrigation 2. Water rejuvenation	Challenges in Water rejuvenation and micro-irrigation may be discussed. Agriculture is very diverse, and districts may be in forest zones where such discussions may be inapplicable so CPO may focus on forest products and district specific challenges

Theme	Sub-Theme	Guidance Note
		with regards to Agriculture related service delivery as well as data reporting. In the wake of uncertainty in rainfall, efficacy of central and state govt crop insurance schemes, and other safety net related matters be discussed. Challenges around droughts, flash floods, human-animal conflict affecting farms, and other issues related to effects of climate change may also be discussed as applicable.
Financial Inclusion & Skill Development	1. Mobilisation 2. Understanding latent demand	1. Youth mobilisation challenges especially in the case of marginalised communities e.g. PVTGs, and latent training demands may be discussed. Efficacy of private implementation agencies may be discussed. 2. Banking services and financial inclusion services, in general insurance coverage may be discussed. Challenges faced by women and other communities to access digital services and opportunities for financial literacy programming may be explored. 3. Other discussions around efforts to improve livelihood opportunities (e.g. focus on traditional occupations as in the case of artisans), Marketing support for SHGs, agricultural productivity, support for micro enterprises, tourism promotion etc. may be taken up as appropriate to District ground realities.
Basic Infrastructure	1. Road Connectivity 2. Internet and Services	Challenges of road connectivity in hill areas, LWE zones, and sparsely populated tribal majority regions may be applicable in some Districts. Effects of road connectivity on service delivery (distance from village to nearest health/nutrition/education facilities) may be discussed and any potential solutions/suggestions may be shared as applicable. Reach of BharatNet fibre, availability of mobile connectivity (3g/4g as applicable) and services delivered through Community Services Centers may be discussed to identify challenges and opportunities for improvement in the District/Blocks

During review, challenges (if any) faced by on ground officials in gathering and reporting data such as issues emerging as a result of duplicate or/and unclear data reporting guidelines/formats and constantly changing or non-functional IT systems may be flagged. Potential opportunities for convergence among different State and Central IT systems may also be flagged where the CPO finds that considerable system resources could be saved through convergence between different systems of data reporting. Challenges being faced due to frequent transfer of staff and other persistent capacity gaps may be documented and shared, along with a record of discussion with the competent authority on a plan for recruitment/capacity building of staff as applicable.

## **Annexure II: Visit Report Format**

### **[Aspirational District Visit Report]**

**Aspirational District Name & State:**

**Date of the visit:**

**Name of the CPO:**

**Designation:**

**Email:**

**Phone No.**

In view of the capacity constraints of Aspirational Districts and Blocks and relatively slow progress in key socio-economic indicators, a concerted effort is made in these districts and blocks. EAP-SDG Projects approved by the Empowered Committee aims to assist Aspirational Districts and Blocks in improving key performance indicators across sectors.

Under the Aspirational Districts Programme, NITI Aayog monitors performance of Aspirational Districts on a monthly basis. Districts are rewarded with performance grants under Window I through the Challenge. This reward allocation (Window-I) is meant to assist Districts in filling critical gaps not covered by existing schemes, with the purpose of giving the District Administration complete freedom to design projects as per the local needs and challenges. Additionally, the Programme also has provision to support projects which cover more than one district in a State/UT or across States/UTs under Window II. Window II projects are generally co-developed by the NITI Aayog in partnership with the districts and serve to address felt needs of multiple districts or are pilot projects to experiment certain ideas.

1. What is the status of Projects approved by the Empowered Committee in the district?

Name of the Project	Year of Sanction	Total Amount Sanctioned	Status of project	Implementation Challenges (If any)	Remarks

2. Observations on the project status and remarks for improvement

--

3. Thematic Review of Critical Indicators based on Survey data (like NFHS, NAS) and ADP data:  
(may also highlight challenges faced by District in reporting service data)

Sector	Progress (Percentage improvement since March 2022) (Pre-filled)	Issues and Suggestions covering following aspects 1) Quality of data 2) Officers Vacancy 3) Infrastructure related issues 4) Training and deployment 5) Governance Deficit, etc	Remarks
Health and Nutrition			
Education			

Agriculture and Water Resources			
Financial Inclusion and Skill Development			
Basic Infrastructure			

4 A. Along with the above 5 major themes, what is the district's situation on overarching development issues?

Sector	Challenges	Initiatives	Remarks
Agricultural productivity & Climate Change			
Distress Migration			
Poverty & livelihoods promotion			
Inclusion and equal opportunities for marginalised communities			

4 B. List 4 major growth drivers like (agriculture, manufacturing, tourism, ODOP etc) creating maximum availability of jobs/ GDP growth

S.No	Name of the sector	Descriptions
1	Agriculture	
2	Manufacturing	

3	Tourism	
4	ODOP	

5. Transfers and Vacancies: Status Update on the vacancies in the line department  
(Note: As far as possible, provide Department (Health or Education) wise Designation wise (CDPO, CMO), class wise (Class I, II III), Type of Employment wise (regular/contract) data)

S.No	Department	Designation	Vacant since	No. of changes since last 2 years i.e. 1st April 2021
1				
2				

6. Feedback on working with Development Partners

S.No	Name of the Partner	Since when the partner is working in the district	Observations & Challenges
1			
2			

7. Emerging Good Practices in the District for Good Governance (Kindly find the format for recording Good Governance Practices in **Annexure III** which may be filled by the districts)

8. Any Other Feedback/ comments (if any):

नीति आयोग  
National Institution for Transforming India

## **Annexure III: Good Governance Practices template**

<b>S. No</b>	<b>Topic</b>	<b>Description</b>
1.	Name of the Block /Village / District / State	
2.	Author/ rapporteur - Name with Designation	
3.	Name of the Partner Agency(s)	
4.	Village/Block/ District demographics	
5.	About the Village/Block/ District (Its approach from Main city, kind of people, primary occupation, primary resources)	
6.	Name of the Intervention	
7.	Background information about the Project Intervention	
8.	Project / Initiative Timelines	
9.	Project Cost	
10.	Source of Funding	
11.	Overview of the Project/ Initiative being implemented	
12.	Ground Situation - Pre implementation of the Project / initiative	
13.	Challenges Faced in implementation	
14.	Achievement/ Impact of the project / initiative	
15.	Role of partner agency in implementation	
16.	Future plans and Way Forward – How the project will be sustained over time	
17.	Suggestions on Project Replication in other area	
18.	Please attach: (Pictures with captions, any other documents)	

## **Annexure IV: List of 49 Key Performance Indicators**

S. No.	Theme	Key Performance Indicators
1.1	Health and Nutrition	Percentage of Pregnant Women receiving four or more antenatal care check-ups against total ANC registration
1.2	Health and Nutrition	Percentage of ANC registered within the first trimester against total ANC registration
1.3	Health and Nutrition	Percentage of pregnant women (PW) registered for ANC against estimated pregnancies
2	Health and Nutrition	Percentage of pregnant women taking Supplementary Nutrition under the ICDS programme regularly
3.1	Health and Nutrition	Percentage of Pregnant having severe anemia treated, against PW having severe anemia tested cases.
3.2	Health and Nutrition	Percentage of Pregnant Women tested for Haemoglobin (Hb) 4 or more times for respective ANCs, against total ANC registration
4.1	Health and Nutrition	Sex Ratio at birth
4.2	Health and Nutrition	Percentage of institutional deliveries out of total estimated deliveries
5	Health and Nutrition	Percentage of home deliveries attended by an SBA (Skilled Birth Attendance) out of total Home deliveries
6.1	Health and Nutrition	Percentage of new-borns breastfed within one hour of birth

6.2	Health and Nutrition	Percentage of live born infants with a birth weight 2500 gms
6.3	Health and Nutrition	Proportion of live babies weighed at birth
7	Health and Nutrition	Percentage of underweight children under 5 years
8.1	Health and Nutrition	Percentage of stunted children under 5 years
8.2	Health and Nutrition	Percentage of children with Diarrhea treated with ORS
8.3	Health and Nutrition	Percentage of children with Diarrhea treated with Zinc
8.4	Health and Nutrition	Percentage of children with ARI in the last 2 weeks taken to a health facility
9.1	Health and Nutrition	Percentage of Severe Acute Malnutrition (SAM)
9.2	Health and Nutrition	Percentage of Moderate Acute Malnutrition (MAM)
10.1	Health and Nutrition	Breastfeeding children receiving adequate diet (6-23 months)
10.2	Health and Nutrition	Non-Breastfeeding children receiving adequate diet (6-23 months)
11	Health and Nutrition	Percentage of children fully immunized (9-11 months) (BCG+ DPT3 + OPV3 + Measles1)
12.1	Health and Nutrition	Tuberculosis (TB) case notification rate (Public and Private Institutions) as against estimated cases
12.2	Health and Nutrition	TB Treatment success rate among notified TB patients (public and private)
13.1	Health and Nutrition	Establishment of Health & Wellness Centres (HWCs)
13.2	Health and Nutrition	Proportion of Primary Health Centers compliant to Indian Public Health Standards

13.3	Health and Nutrition	functional FRUs (First referral units) rate
13.4	Health and Nutrition	Availability of specialist services in District hospitals against IPHS norms
13.5	Health and Nutrition	Conduct of village health, Sanitation, Nutrition Days
13.6	Health and Nutrition	Proportion of Anganwadis with own buildings
13.7	Health and Nutrition	Percentage of First referral units (FRU) having labor room and obstetrics OT NQAS certified (i.e., meet LaQShya guidelines)
14.1	Education	Transition Rate (a) Primary to Upper Primary level
14.2	Education	(b) Upper Primary to Secondary level
15	Education	Toilet access: % schools with functional girls' toilets
16	Education	Learning outcomes (Average in government schools) (a) Mathematics performance in Class 3 (b) Language performance in Class 3 (c) Mathematics performance in Class 5 (d) Language performance in Class 5 (e) Mathematics performance in Class 8 (f) Language performance in Class 8
17	Education	Female literacy rate (15+ Age group)
18	Education	Percentage of schools with functional drinking water facility
19	Education	Percentage of schools with functional electricity facility at secondary level
20	Education	Percentage of elementary schools complying with RTE specified Pupil Teacher Ratio
21	Education	Percentage of schools providing textbooks to children within 1 month of start of the academic

		session
22	Agriculture and Water Resources	Water Positive investments and Employment
(a)	Agriculture and Water Resources	Percentage of net sown area under micro-irrigation
(b)	Agriculture and Water Resources	Number of water bodies rejuvenated under MGNREGA
23	Agriculture and Water Resources	Crop Insurance- Percentage of net sown area under Pradhan Mantri Fasal Bima Yojana (PMFBY)
24	Agriculture and Water Resources	Increase in Critical Inputs usage and supply
(a)	Agriculture and Water Resources	3 (a)Percentage increase in agricultural credit
(b)	Agriculture and Water Resources	3 (b) Certified quality seed distribution
25	Agriculture and Water Resources	Number of mandi in the district linked to electronic market
26	Agriculture and Water Resources	A) Percentage change in Price Realization (Wheat) B) Percentage change in Price Realization (Paddy Common, Paddy Grade A)
27	Agriculture and Water Resources	Percentage share of high value crops to total sown area in district
28	Agriculture and Water Resources	Agricultural productivity of 2 major crops
29	Agriculture and Water Resources	Percentage of animals vaccinated
30	Agriculture and Water Resources	Artificial Insemination coverage

31	Agriculture and Water Resources	Number of Soil Health Cards distributed
32	Financial Inclusion and Skill Development	Total Disbursement of Mudra loan (in rupees) per 1 Lakh population
33	Financial Inclusion and Skill Development	Pradhan Mantri Jeevan Jyoti Bima Yojana (PMJJBY): Number of Enrolments per 1 Lakh population
34	Financial Inclusion and Skill Development	Pradhan Mantri Suraksha Bima Yojana (PMSBY): Number of Enrolments per 1 Lakh population
35	Financial Inclusion and Skill Development	Atal Pension Yojana (APY): Number of Beneficiaries per 1 Lakh population
36	Financial Inclusion and Skill Development	Percentage of bank accounts seeded with Aadhaar as a percentage of total banking accounts
37	Financial Inclusion and Skill Development	Number of accounts opened under Pradhan Mantri Jan Dhan Yojana
38	Financial Inclusion and Skill Development	No of youth certified in short term and long-term training# schemes / no of youth in district in age group 15-29*
39	Financial Inclusion and Skill Development	No of certified youth employed# / No of youth trained under short term and long-term training
40	Financial Inclusion and Skill Development	Number of Apprentices completing/Total number of trainees registered on the portal
41	Financial Inclusion and Skill Development	No of people certified under Recognition of Prior Learning# / Non formally skilled workforce **

42	Financial Inclusion and Skill Development	Number of Vulnerable/Marginalized youth certified trained under short term and long term training a) Women - certified trained, b) SC - certified trained c) ST - certified trained d) OBC - certified trained e) Minorities - certified trained f) Differently abled - certified trained) / Total Number of youth certified trained
43	Basic Infrastructure	Percentage of households with electricity connection
44	Basic Infrastructure	Percentage of Gram panchayats with internet connection
45	Basic Infrastructure	a) Percentage of habitations with access to all weather roads under PMGSY b) Cumulative number of kilometers of all-weather road work completed as a percentage of total sanctioned kilometers in the district under PMGSY
46	Basic Infrastructure	Percentage of households with Individual Household Latrines
47	Basic Infrastructure	Percentage of Rural habitations with access to adequate quantity of potable water - 40 lpcd drinking water in rural
48	Basic Infrastructure	Coverage/ establishment of Common Service Centres at Gram Panchayat level
49	Basic Infrastructure	Number of pucca houses constructed for household who are shelter-less or having one room with kuchha wall and kuchha roof or having 2 room with kuchha wall and roof

## **Annexure V: List of 112 Aspirational Districts**

S.No.	State Name	Aspirational District Name
1	Andhra Pradesh	Alluri Sitharamaraju
2	Andhra Pradesh	Parvathipuram Manyam
3	Andhra Pradesh	Y.S.R. Kadapa
4	Arunachal Pradesh	Namsai
5	Assam	Baksa
6	Assam	Barpeta
7	Assam	Darrang
8	Assam	Dhubri
9	Assam	Goalpara
10	Assam	Hailakandi
