Municipal Administration,
Telangana State, Hyderabad

C I R C U L A R

Roc.No.12874/2017-H2

10/07/2022

Sub: MplAdmn Dept-Heavy Rains in the State- Hon'ble CMs review on 10.07.2022
and Instructions -Circular issued for strict compliance-Reg

The attention of the MCs is invited.

2. The Hon'ble CM in the review meeting on 10.07.2022 has issued certain instructions on Monsoon management and instructed all the departments to remain vigilant and take appropriate action from time to time. The following imp action points are:

I. Control Room

- a. All MCs shall establish a control room with dedicated phone number to work 24hrs in three shifts.
- b. Shall Coordinate with District control room and state level Control Room (040-23120410)

II. Constitution of Emergency teams:

- a. Deploy Emergency Response Teams in the town with necessary equipment for bailing of water, tools, first aid kit etc.,
- b. To ensure sufficient stock of disinfectant material.
- c. The Field Level Officers appointed in the ULBs shall attend and maintain continuous vigilance over the vulnerable points already identified and shall take all precautionary measures and attended to all related issues promptly.
- d. Shall identify schools and community halls to establish sufficient no. of rehabilitation centers in advance as per assessment and need.
- e. All the field level and sanitation staff shall be provided with raincoats.
- f. Prepare advance contingency plan for ensuring sufficient drinking water supply.
- g. Ensure that all the dilapidated buildings are removed, if any remains shall issue necessary notices to vacate the house immediately.
- h. Shall coordinate with Irrigation, R&B Dept, Electricity Department and other important departments and take all possible steps to contain any likely damage to the life and properties due to heavy rainfall.
- i. Any issue which requires State Level attention shall be brought to the notice of the higher authorities immediately and to be continuous in touch with District Control Rooms and State Control Rooms on Heavy rains.

III. Sanitation & Anti Larval Measures:

- a. Sanitation should be maintained properly and all drains shall be de-silted.
- b. Lift garbage 100% without giving any scope to insanitary conditions
- c. Sprinkling of Disinfectant material., Bleaching with lime in the ratio of 1:2,
or 1:4 or 1:6, as per need
- d. Maintaining sufficient stock of Phenyl oil
- d. Bailout stagnated water from low laying areas and there by clearing silt and application of disinfectants immediately.
- e. Set up diesel generators at convenient points particularly at the head water works for commissioning in case of emergency and baiting out water from inundated areas.
- f. Take up anti larval measures to prevent the breeding of mosquitoes
- g. Anti-larval measures should include overhead tanks, underground storage tanks, cement tanks, metal drums, earthen jars, rain water harvesting tanks and evaporation coolers (Hot and Dry areas), coconut shells, tyres and other dumped containers etc., Educate the people not to throw garbage in drains.
- h. Regularly spraying of bytex and weekly spreading oil balls wherever necessary shall be done to prevent breeding of mosquito larve
- i. Anti fly measures have to be undertaken by spraying Nuvan (5 to 10 ml in a bucket of water and spraying or sprinkling or wet mopping) where ever fly menace is existing and adequate sanitation measures have to be taken up to prevent breeding of flies specifically near the markets, slaughter houses, public toilets, drains etc.,

3. All the MCs are therefore instructed to take up all the activities without fail and other activities in consultation with AC, LBs concerned.
