	3. Pending credit bills- Seed Village Programme	

Talking points for TC with DAOs on 5.01.2023

I. Crop Booking:

1. Accurate reporting of the crop wise areas sown is the most important and primary work of the Department of Agriculture.
2. To ensure accuracy in crop recording the changes have been made in the Crop booking activity in phased manner from Farmer wise to Survey/ Field wise and web version to only Mobile app version.
3. In spite of the above, during Vanakalam 22 season instances of mismatch in crop sown recorded and variety recorded in the portal compared to the actual crop sown in the field has been reported especially in Paddy Crop.
4. This resulted in many grievances at the time procurement causing inconvenience to the department and also district administration in resolving the issues.
5. Hence the DAOs may instruct the AEOs to record the crop sown data with utmost care to ensure that such mismatch in crops or the varieties will not recur.
6. The MAOs and the ADA® may be requested to closely monitor the crop recording by the AEOs in the Jurisdiction and tour along with the AEOs during the crop booking to ensure the accuracy of recording.

Yasangi 2022-23

7. The Yasangi Season commenced from 1st October 2022.
8. An area of 69.00 Lakh Acres has been proposed for Yasangi 2022- 23 The major crops in the State for Yasangi are Paddy, Groundnut, Bengalgram, Maize, Jowar
9. Government planned for increase of area under Oilseeds & Pulses and it was proposed to reach 5.00 lakh acres under Groundnut and 5.10 Lakh acres under Bengal gram crops. But as on date the coverage is less when compared to last year area sown as on date.

10. DAOS to clarify whether the area sown are under reported or there is reduction in sown area of pulses and Oil Seeds. If so reasons for reduction in areas of pulses and oilseeds in the district
11. The sowing window for crops like Groundnut, Bengalgram, Blackgram, Greengram, Safflower, Castor, Jowar, Sunflower and Mustard is completed. Only for Sesamum the sowings can be taken up from 15th January to 15th February.
12. Compared to last year Sown areas reported as on date to current year sown area is higher by 4.81Lakhacres approximately.
13. However as against the Sown area of 17.03 Lakhs acres reported by DNOs only 6.39 Lakh acres is only recorded in the portal by the AEOs with regard to the Agriculture crops leaving a gap of 10.64 Lakh acres.
14. Some of the early sown crops like Bengal gram, Jowar, Groundnut are in harvesting stage, however the sown areas of these crops are pending recording in the portal.
15. More than One lakh acres pertaining to Groundnut crop and Bengal gram crop (each) are yet to be recorded in portal as compared to DNO sown areas .
16. In view of the above it is requested to expedite the Crop Booking activity in the Crop Booking portal.
17. As per the guidelines, there is feasibility for recording the crops sown during the previous 4 weeks only to ensure that the crop sown is recorded within 4 weeks of sowing of the crop.
18. However Keeping in view the Gap in crop recording of early sown crops the sowing windows from October 1st week will be enabled upto January 15th 2023 to provide feasibility to complete the crop recording of crops sown in the Months of October and November
19. In spite of enabling Mandal wise screens in DNO logins, Mandal wise reporting is not being done so as to ascertain mandal wise gap.

20. A counter also is being be shown in each AEO login mentioning village wise data indicating number of fields available, number completed and number of fields in which crop booking is to be done.
21. MAOs/ADAs are expected to monitor the progress AEO wise and visit along with the AEOS to the villages daily. It is requested to accompany the AEOs in whose jurisdiction the recording is poor to guide him to complete his task with utmost accuracy.
22. The harvesting dates for the following crops are nearing
 - a) Groundnut
 - b) Bengal gram
 - c) Jowar
 - d) Sunflower
23. In view of the above it is requested to expedite the Crop Booking activity as the respective fields in the Crop Booking portal are enabled.
24. The DAOs are advised to send the Wednesday weekly reports duly signed by DAO & DNO without fail.

District wise Area sown during Yasangi 2022-23 DNO Vs AEO as on 5.1.2023:

SOWING WINDOWS

Sowing period of proposed crops for Yasangi 2022-23			
Sl. No.	Major Crop	Time of Sowing	Suitable Varieties / Hybrids
1	Groundnut	15 th September to 30 th November (STZ)	Kadiri 6, TAG 24, Dharani, K 1319, TCGS 1694
2	Bengal gram	1 st October to 20 th November	NBeG-3 (Nandyal Shanaga 3), NBeG-47 (Nandyala Shanaga-47), NBeG-452 (Nandyal Gram), NBeG-857, JG 11, JAKI 9218
3	Jowar	(sowings can be taken up) November to end of December if sufficient irrigation water is available)	CSV31(Palamuru Jonna), CSV-41 (Telangana Jonna-1), SVT-68(TandurJonna)
4	Sunflower	1 st November to 31 st December	DRSH-1, KBSH-44, NDSH-1012
5	Black gram	15 th November to 10 th December	PU-31, TBG-104, GBG-1
6	Sesamum	15 th January to 15 th February	Jagtiala Til -1 (JCS 1020), Hima (JCS 9426), JCS 2454, JCS 3202 (Telangana Til-I)
7	Green gram	15 th November to 10 th December	MGG -351(Srirama), WGG-42 (Yadadri), WGG-37 (Ekashila)
8	Safflower	15 th October to 20 th November	Manjeera, TSF-1, PBNS-12, DSH-185
9	Castor	September 15 th to November 15 th	PCH-111, DCH-177, DCH-519, PCS-4(Kranthi)
10	Mustard	1 st October to 20 th November	NRCHB 101, PM-25, PM-27, JD-6, NRCDR-2

II. Fertilizer:

The personal attention of all the DAOs is drawn to the following

1. Sowing of Rabi ID crops are completed
2. more than 50% paddy Transplantations are completed in district like NZB, KMNR, KMRD etc. and in progressing in other districts
3. Good area is expected under paddy crop
4. In view of the above all the DAOs are requested to involve personally and ensure Urea movement to all the corners (private and society network) in the district.
5. Submission of Daily Reports will facilitate proper planning for movement by this office. Hence ensure sending the Daily Report by 2.00PM WITHOUT FAIL.
6. Clearance of stocks in ePoS machines facilitates GoI to allot the fertilizer without cutting the state share.
7. Since all grades of fertilizers are available in the market, samples shall be drawn by the Fertilizer Inspectors and achieve 100% targets without further reminders from this office
8. The old stocks with the MARKFED need to be replenished with new stocks.
9. This requires the movement of the old stocks from the buffers available with MARKFED to the needy areas.
10. The DAOs shall give the allotment to the DM MARKFED for movement of old stocks to the needy PACS towards pre-positioning.

III. Interventions:

1. During Vanakalam-2022 the following four interventions were organized by the AEOs, effectively monitored by MAOs, ADAs and DAOs in a befitting manner. Good response is noticed from the farmers.
 - 1.a. Dry/ Wet Seeding in Paddy,
 - 1.b. Application of Phosphorus Solubilising Bacteria,
 - 1.c. Application of Green Manure and
 - 1.d. Split Application of Fertilisers
2. Similarly, during Yasangi-2022 it is planned to organize the following four interventions i.e
 - 2.a. Application of Gypsum in Groundnut (i.e., Nagarkurnool, Nalgonda, Gadwal, Wanaparthi, Narayanpet, Mahabubnagar, Vikarabad and Rangareddy districts)
 - 2.b. Trichoderma Viride in Bengal Gram (Adilabad, Nirmal, Nizamabad, Kamareddy, Sangareddy, Vikarabad, Gadwal, Rangareddy, Asifabad and Siddipet districts.)
 - 2.c. Application of Phosphorus Solubilising Bacteria in Paddy (all the districts except Adilabad) and
 - 2.d. Split application of Fertiliser in Yasangi-2022 (all districts)
3. The organization of interventions were discussed during the meeting held with the Hon'ble Minister for Agriculture on 27.09.2022 to District Agriculture Officers. The instructions and Targets were communicated through mail on 10.11.2022 to DAOs for implementation of interventions.
4. The AEOs shall identify 25 farmers and minimum of 50 Acres for implementation of each Intervention in his cluster.
5. The AEO shall maintain list of identified farmers in the Demonstration Register (PART-A- already communicated during Vanakalam)

6. The AEO shall demonstrate one acre for methodology of each intervention to be implemented and one acre of control plot in farmer's field.
7. The AEO shall visit the demonstration plots once in a week and document the activities at all levels during the entire season.
8. Particulars of the 25 farmers shall be captured in the demo register for every intervention.
9. The AEO shall identify one farmer per intervention for demonstration with control plot in the farmer field and record the observations time to time in the demo register.
10. The MAO shall visit all the intervention demo plots in his Jurisdiction once in fortnight.
11. The MAO and ADA shall attend the meetings at Rythu Vedikas convened by AEOs/MAOs.
12. The ADA shall visit all the intervention demo plots in his Jurisdiction once in a month.
13. Wide publicity shall be given through print and electronic media on the benefits of the split application of fertilizers.
14. The DAO shall coordinate with the Scientists of PJTSAU, DAATTCs, KVK and ensure their participation in the Sensitisation Trainings/ Awareness programmes organised at Rythu Vedikas.

IV. Rythu Vedikas:

1. Trainings:

- 1.1. Out of **20808** targeted trainings (@ of 2 trainings per week per Rythu Vedika) for December, 2022, **20456 (98.31%)** trainings were conducted by the AEOs.
- 1.2. Out of 32 Districts 19 districts have fully achieved the Trainings target.
- 1.3. 2 Districts (Kamareddy & Peddapalli) have achieved more than the Targeted trainings.
- 1.4. Remaining 11 districts have not achieved the target, due to various reasons such as, Vacant Clusters, other duties allotted to AEOs, Leaves applied by AEOs etc.

2. Budget:

- 2.1. Out of released Budget (Spell 1) of Rs. 11,90,45,000.00/-, the districts were able to utilize only Rs. 5,36,17,968.00 **(45.04%)**.
- 2.2. In most of the cases, budget was released to ADAs. The release of budget from ADAs to AEOs is under progress.
- 2.3. Only Kamareddy District has submitted the UC to C&DA as on date.
- 2.4. Submission of UCs should be completed by 10.01.2023 so that Budget (Spell 2) can be released to districts in time.

VI. RYTHU BIMA

1. Instructions have been communicated for death recording of enrolled deceased farmers within 4 days of the death immediately on receipt of information.
2. The death recording is less than 4 days in 16 districts. The balance district is also requested to monitor to reduce the average days of death recording.
3. It is also instructed to ensure that the claims are submitted within 5 days of death recording as the mandate of the Rythu Bima scheme is to ensure claim settlement within 10 days of the death of the farmer.
4. The DNOs are expected to scrutinize and approve/submit the claims within 2 days of receipt duly facilitating to attend to the shortfalls if any.
5. Instructions have been communicated that the claims submission window with regards to the previous policy years including 2021-22 will be disabled by the end of October 2022.
6. However It is observed that about 95 claims pertaining to 2021-22 policy year are still pending submission at District level inspite of death recording.
7. Year wise (2021-22 & 22-23) fresh and repeat claims pending at district level is indicated in the statement enclosed.
8. District Wise Average Days time of death recording and Claims Submitted and pending status for the current policy year is enclosed.
9. As informed earlier the following parameters of the Rythu bima scheme are also considered in the performance evaluation of the Districts :
 - 9.1. Average days for death recording.
 - 9.2. Timely Submission of Claims.
 - 9.3. Number of Return Claims.
10. All DAOS are requested to closely monitor Rythu Bima Scheme implementation to avoid moral hazards in the scheme and to ensure timely release of insurance amount to the designated nominee within 10 days of death of the deceased enrolled farmer
